When you need a car alarm, car audio or cellular phone product, enjoy the convenience of the mobile service offered by Carline Installations.

You don't need to take time out of your busy day to drop off your vehicle and pick it up later - Carline Installations come to you wherever you are in the greater Auckland area. Their motto is "On site, on time, always" - and they offer a promptness guarantee.

The Carline team's goal is to help customers choose the best solution every time - whether it's a basic CD player, top of the range sound system, vehicle security system, hands free phone kit, band expander, radio/telephone, or personalised packages to suit all need and budgets.

They can provide aftermarket central locking and keyless entry systems, customise existing audio systems, and swap your stereo from one vehicle to another. They supply and fit insurance approved alarms - which entitle you to a discount on premiums - as well as a budget range, and they can also provide sensor alarms for the back doors of vans and commercial vehicles to give greater security for the vehicle's contents.

With Carline you have access to a wide variety of products at very competitive prices, and a lifetime warranty on installation and workmanship.

Brendon, who owns the business, has a background in electronics with the knowledge to discuss technical details and a strong view on what great customer service should be. He says, "I want to build a business that is recognised as a leader in service, quality and professionalism. My team work hard to continually improve our customers' experience to ensure they come back and tell their friends too."

Alarm specialist Keith has over 13 years of car alarm and accessory installation experience with just about every car on the road. If an alarm can be fitted, he can do it.

Darryl is Carline's audio specialist with over 10 years of custom audio installation experience. Whether you need a speaker replaced or a fully remodelled interior to fit your entertainment dream, Darryl can do it.

Carline's customers include vehicle dealers, fleet operators, business owners and private vehicle owners who appreciate top quality and top service.

To contact the Carline team, phone 0800 CARLINE or visit www.carline.co.nz.
